

# California: San Joaquin Valley APCD

## Truck Replacement Program

**Due:** Until funds exhausted  
**Program budget:** \$44 million

**First come  
First served**

### Eligible projects:

This program is focused on the replacement of heavy-duty on-road vehicles for cleaner-than required equipment. Class 4-8 diesel trucks with EMY 2018 or older as of 2024.

### Eligible applicants:

Public and private entities.

### Funding cap per vehicle:

Class 4-5	\$70,000 for a new low-NO <sub>x</sub> vehicle
Class 6-7	\$120,000 for a new low-NO <sub>x</sub> vehicle
Class 8	\$160,000 for a new low-NO <sub>x</sub> vehicle

Funding amounts are determined based on the information provided for each individual project. The final eligible incentive amount is determined by assessing 1) the vehicle class as listed above, 2) the annual mileage and model of your existing truck, 3) the size of your fleet. For small fleets with ten trucks or less, the funding cannot exceed 80% of the new vehicle cost. For larger fleets with eleven trucks or more, the funding cannot exceed 50%.

In addition, the funding amounts are also subject to eligibility and usage requirements.

### General requirements:

- Scrappage required
- Replacement vehicle can be used
- Trucks must be domiciled within SJVAPCD boundaries
