

CMAQ Vehicle Fuel Conversion Incentive Program 2024

Due: September 30, 2024

Funding total: \$1 million

Eligible projects:

The replacement and conversions of light- and heavy-duty diesel vehicles into new alternative fuel or CNG vehicles.

Eligible applicants:

Local government and state agency fleets located in Air Quality Non-Attainment areas within Virginia.

Funding cap per vehicle:

Up to 10k of incremental costs* for new CNG, RNG, LNG vehicles

*(*Includes the entire cost of a certified conversion of an existing vehicle to use at least one alternative fuel.)*

General requirements:

- This program will not fund retroactive vehicle or conversion purchases. All applicants must first submit a Pre-Approval application.
- Vehicles must be domiciled in areas of Air Quality Non-Attainment, Ozone Attainment, or Maintenance as recognized by the Federal CMAQ program.
- Recipients of funding must report annual mileage and usage to VA Energy and must report any disabled or discontinued awarded vehicles to VA Energy within the first 5 years of operation.
